

UNITED STATES OF AMERICA DEFENCE LEAGUE PRESS RELEASE FOR IMMEDIATE RELEASE

New Organization To Halt Sharia Law In America APRIL 23, 2012

The United States of America Defence League (<http://www.usadefenceleague.org>) launched with tremendous growth. The world of community organizing has been rocked by the explosion of USADL membership across the United States, as street by street, city by city, county by county and state by state we confront Sharia Law and implement legislation to outlaw it. The fight is and always will be at the local level. However, our national structure exists solely to support those in the community, be it with school curriculum, building ordinances or actively pursuing all legal means to stop the spread of Sharia in America.

The religiously-inspired intolerance and barbarity that are thriving amongst the Muslim population in the United States of America, including, but not limited to, the denigration and oppression of women, the molestation of young children, the committing of so-called honor killings, homophobia, anti-Semitism, and continued support for those responsible for terrorist atrocities, must be halted.

Sharia Law is incompatible with the Constitution and the Republic. Despite this, there are still those who are more than willing to accommodate Sharia norms, and who believe that Sharia can operate in partnership with our existing traditions and customs. In reality, Sharia cannot operate fully as anything other than a complete alternative to our existing legal, political, and social systems. The attacks upon free speech in places like Dearborn Michigan, which include the use of "lawfare" to stifle telling the truth about Islam, is one more way the Muslim Brotherhood is directing and controlling the Cultural Jihad in America. Sharia law makes a fundamental distinction between Muslims and non-Muslims, and the USADL will never allow this sort of iniquitous apartheid to take root in our country. The USADL will therefore oppose Sharia appeasement in all its forms, and will actively work to eradicate the Sharia-compliant behaviors that are already being adopted, and enforced, in our society.

The USADL will be partnering with other organizations who share our values, wherever they are in the world, and from whatever cultural background they derive. We believe that the demand for Sharia is global and therefore needs to be tackled at a global as well as national level, so that this demand will never be surrendered to. The USADL will therefore have an international outlook to enhance and strengthen our domestic efforts, while at the same time contributing to the global struggle against Islamic intolerance of western cultures, customs, religions, politics, and laws. The time for tolerating intolerance has come to an end: it is time for the entire world to unite against a truly Global Jihad.
